The Millard plan is a two-story home design featuring four bedrooms and three baths. A small covered porch leads into the home's foyer connecting a bedroom, full bath, along with the kitchen, dining and family rooms. The front entry two-car garage opens into a mudroom and laundry room at the center of home. The oversized kitchen island connects the kitchen, family room and breakfast nook. A covered patio is easily accessed from the breakfast nook. The master suite remains on the first floor and features a grand walk-in-closet and large master bath including a garden tub and double vanity. Two additional bedrooms, a full bath and versatile loft and storage space are situated on the second floor.
